# Thought for the Week

## Phased Shule Reopening

One of the great Purim lessons is that in real time we never know when the corner has actually been turned and things are about to get much better. With hindsight we can easily identify these things, but it's hard to notice when they are actually happening.

Reflecting back to Purim last year, we were just beginning to discover the dangers of Covid 19, and it's possible that our Purim celebrations unintentionally contributed towards its spread. The past year has been upside down, but it is beginning to feel like we can see the light at the end of the tunnel.

When we took the difficult decision to close our Shule for prayer services, we said that we would constantly review the situation based on the circumstances, and together with many other Shules in the area we feel comfortable that it is now appropriate to begin davening together in Shule again. We still of course will be

keeping up the highest standards of social distancing and health and safety throughout our services.

We will initially be davening only Monday and Thursday mornings, with other services being on Zoom, but we will also be having Purim Megillah readings and davening in Shule on Thursday and Friday. In addition, in line with our original decision to open for special circumstances, we will be having a limited numbers, pre booked "in Shule" service this Shabbat as we have a member with Yahrzeit.

The month of Adar is a time for good news, and as long as we can do this well, it will be really great news! If you are able to join us in Shule then I shall be delighted to see you, but of course only come if it is safe for you to do so. Enjoy Purim, and enjoy it responsibly and safely, and let's hope and pray that the good news will continue.

## Hale Shule Bereavement Service

We are a small group offering confidential and discreet support in your hour of need. Bereavement is a testing time for partners and families and whilst we are not trained counsellors, we would like to offer an ear of friendship.

We understand that everyone's needs differ so do not intend to intrude but be at the end of the phone to offer support, whether it be practical or emotional.

Contact  
Ginette Esterkin [07754 460201](tel:07754460201)

### HALE WALKERS

We are out and about but, due to our move into lockdown, we have to restrict ourselves to walking with one other person.

For more details contact  
Louise Leinhardt 07714

## UNVEILING

The unveiling for Irene Varley will take place 11am  
on Sunday 7th March at Dunham Lawn Cemetery.

Attendance will be for family members only.

# Together WE PROTECT

Community Fundraising Campaign  
27 February - 1 March 2021

## Did you know?

CST has a **24/7 National Security Control Centre** that connects to hundreds of Jewish sites and over **4,000 CCTV cameras** across the UK.

CST has over **2,000** fully trained security volunteers working across the UK. We have over **90** full and part time staff. Together, staff and volunteers secure the entire Jewish community.

CST distributes an annual £14m government grant on behalf of the Home Office. This money goes directly towards funding commercial security guards at schools, shuls and other sensitive sites. Over **300** locations benefitted from this grant in 2020.

CST specialises in **online research** of suspected antisemites and potential terrorists. All reports of suspicious behaviour made to CST feed into the wider picture of hate and hostile activity. Our work has resulted in **multiple arrests and convictions**.

CST recorded **1,668 antisemitic incidents** last year, these aren't just numbers, they are targeted attacks against members of our community: Jewish men, women, children, groups and locations.

CST provides **Krav Maga** training. It's an Israeli fighting technique that teaches security volunteers how to physically stop and disable an attacker in the **quickest, most effective way possible**.

CST raises funds from charitable donations. We need to raise **£2,000,000** to continue our vital work protecting our community.
